2. **Utilizer/Associate (organization) name:**
3. **Utilizer/Associate details**

Address	Contact Details	
	Name:	
	Tel:	
	E-mail:	

4. **Additional National Requirements**

Additional National Requirements (ANRs) are requirements that are different from, or in addition to those specified in the OIML Recommendation for a particular category of measuring instrument.

Please provide details of the ANR(s) in the table on the following page.

Measuring Instrument Category	Name of Additional National Requirement	Requirements and applicable test procedure reference document
<i>Example: NAWI (R 76:2006)</i>	<i>Durability test when Max > 1000 kg</i>	<i>For instruments with Max > 1000 kg, the requirements and test detailed in document "R76_2006_durability_test" shall be applied.</i>

Note: Information regarding the requirements and applicable test procedures shall be submitted with this form.

Please indicate if you will accept test data from OIML Issuing Authorities/Test Laboratories under the OIML-CS for the ANRs that are detailed above.

Yes

No

If yes, please specify if there are any conditions on the acceptance of the test data that will be applied.
